Apollo Pipes' Sales Performance

Steady volume growth of 12% YoY at 44,692 MTPA in FY20

Q4 FY20 volume stands at 9,721 MTPA

New Delhi, April 1, 2020: Apollo Pipes Limited, among the top 10 leading piping solution providing Company in India, today announced its sales performance for the quarter and full year ended March 31, 2020. The Company registered a steady sales volume growth of 12% YoY during FY20, which stood at 44,692 MTPA.

In Q4 FY20, sales volume was stable at 9,721 MTPA as compared to 9,613 MTPA in Q4FY19, higher by 1% YoY. Volumes during the period, especially in the month of March, were impacted on account of restricted logistics and plant closures due to the implementation of COVID-19 preventive measures across India.

In light of the coronavirus (Covid-19) situation and in compliance with government advisories/directives issued in this regard, the Company has temporarily closed manufacturing operations at its facilities across India till April 15, 2020. The Company has also temporarily closed operations at its offices across India till April 15, 2020. All our offices across the country have already implemented Work from Home.

The duration of this closure would be in-line with the directives issued by the respective State Governments / Government authorities. The Company's senior leadership team is closely monitoring this situation and is taking all necessary measures to ensure safety of its employees, communities and safeguard the interests of customers to the best possible extent.

In this situation, the operations of the Company may be adversely impacted. Although the actual impact on the business operations is not ascertainable at this stage, the Company will be assessing the impact once business operations are resumed. This will be communicated to all the stakeholders in due course.

About the Company

Apollo Pipes (BSE: 531761; NSE: APOLLOPIPE), is among the top 10 leading piping solution providing Company in India. Headquartered in Delhi, the Company enjoys strong brand equity in the domestic markets. With more than 3 decades of experience in the Indian Pipe Market, Apollo Pipes holds a strong reputation for high quality products and an extensive distribution network.

Equipped with state-of-the-art infrastructure, the Company operates large manufacturing facilities at Dadri – UP, Ahmedabad – Gujarat and Tumkur – Karnataka, with a total capacity of 75,000 MTPA. The multiple and efficient product profile includes over 1,000 product varieties of cPVC, uPVC, and HDPE pipes, PVC taps, fittings and solvents of the highest quality. The products cater to an array of industrial applications such as Agriculture, Water Management, Construction, Infrastructure, and Telecom ducting segments. The Company's extensive distribution network spreads across 450 dealers / retailers and over 150 distributors.
